

## BULLER WAS DRIVEN BACK

The Work of the Boers  
Long Tom Decided the  
Movement.

## BIG GUN IS EFFECTIVE

Dropped Shells Everywhere In  
British Lines and Could  
Not Be Silenced.

## BRITISH RECROSSED THE TUG- ELA RIVER IN SAFETY.

Well Authenticated Report That the  
German Emperor Has Offered to Act  
As Mediator—The Kaiser Is In Pos-  
session of Information From Boer  
Sources That Lead Him to Think  
England Will Settle the War In  
South Africa—Details of the Move-  
ment and Fighting That Resulted In  
the Third Retreat of Buller.

London, Feb. 10.—[Special Cable-  
gram]—The first official dispatch con-  
firming Gen. Buller's retirement to the  
south bank of the Tugela, was received  
this morning from Frere Camp, dated  
yesterday, and read as follows:

"Gen. Buller has safely re-crossed to  
the south bank of the Tugela yesterday,  
finding that the fire from the enemy's  
heavy guns would needlessly sacrifice  
life if he advanced in that direction. The  
evacuation of Vaal Krantz by the  
British infantry began Wednesday  
night. The Boers shelled the British  
transport as it retired over Molen's  
Drift. The British guns replied from  
their position on Swarts Kop.

"The Boers' one hundred pound long  
tom-cannon decided the movement. The  
big gun dropped shells everywhere and  
the British long rangiers were unable to  
reach it."

The cabinet met today to discuss a tel-  
egram from Buller which has not yet  
been made public.

Cause of MacDonald's Retreat  
Cape Town, Feb. 10.—[Special Cable-  
gram]—A dispatch from Modder river  
explains that MacDonald was ordered  
back from Koodoesberg because the  
Boers had disappeared as a result of the  
movement by Babbington to threaten  
their rear.

Boers May Flank Buller  
Frere Camp, Feb. 10.—[Special Cable-  
gram]—The Boers north of the Tugela  
river are moving, and it looks as though  
they are trying to execute a flank move-  
ment against Buller.

Boers Capture Inkandla  
Pietermaritzburg, Feb. 10.—[Special  
Cablegram]—The Boers have taken Ink-  
andla, in Zululand. The local magis-  
trate blew up the magazine in the town  
and made his escape before the Boers  
entered.

Kaiser Offers to Mediate  
London, Feb. 10.—[Special Cable-  
gram]—The report that the emperor of  
Germany proposed intervention in the  
South African war during yesterday's  
conference with the British ambassador  
at Berlin has caused much speculation  
in diplomatic circles. Those who credit  
the report incline to the belief that the  
emperor since the visit of Leyds to Ber-  
lin is in possession of information from  
the Boer side which leads him to think  
that the proposal for mediation will be  
entertained and that there is a chance  
of settlement in South Africa before the  
war has dragged along much longer.

## NEWS STUNS ALL OF ENGLAND

Third Attempt to Relieve Ladysmith a  
Disast Failure

London, Feb. 10.—London is stunned  
by the announcement of another series  
of disasters to the British forces oper-  
ating in South Africa. Buller's third  
attempt to relieve beleaguered Ladys-  
mith has failed and he has been com-  
pelled to retire across the Tugela river  
to his old position. The dispatch an-  
nouncing the unwelcome intelligence  
comes from the Boer head laager at  
Ladysmith under date of Thursday,  
Feb. 8, and is as follows:

"The British, who were in possession  
of the kopje at Molens Drift, aban-  
doned it after a bombardment by Boer  
cannon this morning and retired across  
the Tugela river to their former posi-  
tion. A desultory cannonade is pro-  
ceeding at the Tugela this morning,  
but otherwise everything is quiet."

Defeat at Chieveley.  
Another dispatch from the same  
source, under date of Feb. 7, says:  
"An armored train yesterday made a  
sortie from Chieveley, toward Colenso  
and landed 2,000 British troops on the

right of the Boer position. The Boers  
immediately crossed the river and  
made an attack with rifles and artil-  
lery, forcing the withdrawal of both  
the train and troops to Chieveley."

Censor Passes the News.  
London accepts as true the Boer  
statements that Gen. Buller has failed  
again. These statements were passed  
by the British censor at Aden and are  
read in the light of Mr. Balfour's an-  
nouncement in the commons that Gen.  
Buller is not pressing his advance.

The war office says it has had no  
news from Gen. Buller, and the officers  
on duty were dumfounded when shown  
the press dispatches from Boer sources.  
Apparently they had not the least sus-  
picion of the possibility of such an out-  
come of the operations.

It is said on reliable authority that  
Gen. Buller's dispatch announcing  
Monday's and Tuesday's movements  
was particularly hopeful. He described  
the position gained as effective, so the  
news of another retirement is exceed-  
ingly bitter to the British.

The Times' Comment.  
The Times, dealing with the military  
situation, says:

"If Gen. Buller has failed, it seems  
unlikely that another attempt will be  
made. The terrible initial strategic  
mistake of abandoning the principal  
objective for a subsidiary position still  
overweights the campaign, but the  
time approaches when its baneful in-  
fluence will cease to fetter our action.  
The great issues of the war will not be  
decided in Natal."

Gen. MacDonald's retirement the  
Times considers "inexplicable."

The news spread rapidly, and natu-  
rally disappointment was visible on  
all sides, although the long silence  
from the upper Tugela had already  
aroused apprehension that Gen. Buller  
might have found it impossible to go  
forward, in which case he would have  
no option but to recross the river.

## DEFENDS WAR OFFICE SECRET.

Balfour Says Details of Operations  
Should Not Be Published.

London, Feb. 10.—Just before the ad-  
journment of the house of commons at  
1 o'clock this morning, the Rt. Hon.  
Arthur J. Balfour, the government  
leader, pointed to the fact, in reply to  
a request for information made by  
James Caldwell, liberal member for  
Mid-Lanarkshire, that General Buller  
was not pressing his advance from the  
position that was occupied by him  
Wednesday. Mr. Balfour said that the  
government was not pressing General  
Buller for details of the operations in  
progress, and that if such details were  
sent the government would not deem  
it proper to publish them until the  
operations were complete. H. J. Ten-  
nant, liberal member for Berwickshire,  
asked whether it was true that General  
Hector MacDonald had been ordered to  
retire from Koodoesberg drift to Mod-  
der river. Mr. Balfour replied that the  
government had no information on the  
subject. The house adopted the address  
in reply to the queen's speech by a vote  
of 229 to 39.

## CLIMAX IN LABOR WAR IN CHICAGO

Refused to Work a Full Day On  
Saturday—Strike Involves  
Over 35,000 Men.

Chicago, Feb. 10.—[Special Tele-  
gram]—The climax of the great labor  
war now raging between the Building  
Trades workmen and contractors came  
at noon today when the men employed  
by members of the contractors combine  
refused to obey the order to work a full  
day Saturday and quit work. It is es-  
timated that before the trouble ends  
35,000 workmen and 2,200 contractors  
will be affected.

## SYMPATHY FOR THE TRANSVAAL BOERS

The United States Senate Passes the  
Allen Resolution and Then  
Reconsiders It.

Washington, Feb. 10.—[Special Tele-  
gram]—The senate today passed the  
resolution offered by Senator Allen, ex-  
pressing sympathy with the Boers. Not  
more than twenty senators were in the  
chamber. Pettus objected after the mat-  
ter had been rushed through, and presi-  
dent Frye asked unanimous consent  
that the vote be reconsidered, which was  
granted. The resolution will come up  
again next week.

Mutiny Threat Effective.  
Paris, Feb. 10.—The British are said  
to have rescinded the orders for send-  
ing Egyptian troops to the Transvaal  
because of the mutiny threatened.

Funeral of R. W. Thompson.  
Terre Haute, Ind., Feb. 10.—The fu-  
neral of the late Col. R. W. Thompson  
has been fixed for Monday afternoon at  
2 o'clock.

Large Woolen Mill Combines.  
Toronto, Ont., Feb. 10.—The large  
woolen mills of Canada have combined  
with a capital of \$5,000,000.

Large Crowd Hears Bryan.  
New York, Feb. 10.—William J. B. Bryan  
spoke at the Academy of Music in  
Brooklyn Friday evening.

## M'KINLEY WILL AID DISTRESSED HAWAII

TO RECONVENE LEGISLATURE  
TO HANDLE THE PLAGUE.

There Is a Well Authenticated Rumor  
That Gen. Otis Has Been Deposed  
From His Command In the Philip-  
pines and Recalled Home—Washing-  
ton News.

Washington, Feb. 10.—Owing to the  
deplorable conditions in Hawaii, brought  
about by the ravages of bubonic plague,  
President McKinley has decided to send  
a special message to congress recom-  
mending that it pass a resolution em-  
powering the legislature of Hawaii to  
meet again for the purpose of  
bringing about relief for the people. At  
the cabinet meeting today, which was of  
short duration, this was the principal  
topic discussed, and the cabinet was  
unanimous in support of the president.

Under the treaty by which Hawaii  
was annexed to the United States the  
legislature of the islands became extinct.  
It was supposed there would be no  
further need for the existence of this  
body, as it was believed congress would  
have taken action long before this pro-  
viding for a permanent form of govern-  
ment.

In the absence of such legislation  
there has been no power in the islands  
to authorize the expenditure of money  
for the purpose of crushing out the  
plague.

As is well known, hundreds of huts  
and houses in the neighborhood where  
the disease is raging have been burned  
to prevent its further spread. In con-  
sequence thousands of people are home-  
less and without the necessities of life.  
The marine hospital service of this coun-  
try, as well as the other medical depart-  
ments of the government, is powerless  
to extend aid in the absence of legisla-  
tion. Its efforts are confined exclusively  
to prevent the disease reaching this coun-  
try.

## Otis Has Been Called Home

A report reached here today from an  
officer in San Francisco, just returned  
from Manila, in regard to the return of  
Gen. Otis, which indicates that the gen-  
eral is not coming at his own request, as  
has been given out at the war depart-  
ment, but is recalled.

But the officer says Gen. Otis' health  
is shattered and that for several days at  
a time he has been out of his head. The  
disposition of Gen. Otis to handle the  
details of his responsible office has held  
severely upon his health.

The department officials will not con-  
firm the report, but it is believed that  
the return of Gen. Otis and the plan to  
organize a new Philippine commission to  
take charge of civil affairs in the island,  
is due to the serious state of the gen-  
eral's health which has made his recall  
necessary.

Spencer Goes to New York  
Senator Spencer went to New York  
last night to remain over Sunday. J.  
J. Hogan of La Crosse arrived here to-  
day.

At the request of Representative  
Cooper, a rural free delivery mail route  
will be established out of Whitewater,  
beginning March 15.

## CANAL JINGOES IN LONDON.

British Jingoists Are Against the Hay-  
Pauncefote Treaty.

London, Feb. 10.—Adverse comments  
of being freely made on the reply of  
the Rt. Hon. William St. John Broder-  
ick, under secretary of state for for-  
eign affairs, to the question put  
in the house of commons as to  
what compensation Great Britain had  
secured in exchange for modifying the  
Clayton-Bulwer treaty. The jingo pa-  
pers assert that Great Britain has  
abandoned advantages, which, taking  
them at the lowest estimate that could  
be put upon them, would have been  
of great benefit in negotiations on  
other subjects. Yet, they say, no com-  
pensation of any sort has been received  
in return for the sacrifice.

## New Line of Whalebacks.

Toronto, Ont., Feb. 10.—The British  
shipbuilding firm of Petersen, Tate &  
Co. have decided to put a line of first-  
class whalebacks on the route from  
Port William at the head of the great  
lakes direct to Liverpool in connection  
with the great new railway scheme  
now nearing completion through the  
Rainy river district into Manitoba and  
the northwest.

## Erne Gets the Decision.

Chicago, Feb. 10.—Frank Erne, the  
lightweight champion of the world, be-  
stated Chicago Jack Daly in a six-  
round bout at a north side club Friday  
night. The fight was fast from start  
to finish, and although Erne failed to  
knock out his man, he outpointed him  
all the way, and at no time from the  
tap of the bell was the result in doubt.

## Pendleton Comes After Death.

Waukegan Ill., Feb. 10.—Fortune  
came for George W. Rice too late to be  
of use to him. He was an ex-soldier,  
and died at the poorhouse several  
weeks ago. Word has just come that a  
pension of \$12 a month has been granted  
him, with \$1,300 back pay. This  
will go to his relatives now.

## Two Killed by Tornado.

Guthrie, Okla., Feb. 10.—A tornado  
passed over Custer Friday, wrecking  
four buildings and killing James Ab-  
ney and wife.

## WISCONSIN CHEESE MAKERS IN SESSION

W. C. DICKSON OF MADISON, IS  
ELECTED PRESIDENT.

Editors At Green Bay Refuse to Take  
Political Action—M. P. Rindlaub of  
Platteville, Is Re-elected President  
—Publisher Treats His Subscribers  
—Badger News Notes.

Madison, Wis., Feb. 10.—The eighth  
annual meeting of the Wisconsin Cheese-  
makers' association ended yesterday  
afternoon. The newly elected officers  
are:

President—W. C. Dickson, Madison.  
Vice President—E. L. Aderhold,  
Neenah.

Secretary—U. S. Bear, Madison.  
Treasurer—H. E. Austin, Homer.

The Board of Directors recommended  
that these officers be elected and its  
recommendation was followed after H. J.  
Noyes of Muscoda, had made some  
opposition to the selection of Mr.  
Dickson as president. Mr. Noyes said  
that Mr. Dickson was not a practical  
cheesemaker, that he was merely an  
agent for the cheese factory supply  
house and finally that the association  
had too long been dominated by agents  
and dealers in factory supplies.  
Furthermore, he asserted the dealers  
were in a trust or combine and he  
thought it unwise for the association to  
elect as its president any one connected  
with the combine.

## Refuse to Take Political Action.

Green Bay, Wis., Feb. 10.—At the  
meeting of the State Editorial associa-  
tion here yesterday an attempt was made  
to pass a resolution asking congress to  
remove the duty from Canadian pulp  
woods, which are suitable for the manu-  
facture of paper, owing to the scarcity  
of same in Wisconsin. The resolution  
was defeated because the members did  
not care to take political action. The  
following officers were re-elected:

President, M. P. Rindlaub, Platteville;  
secretary, O. F. Roosevelt, Jefferson;  
treasurer, Mrs. Flora Bell Girty, Chip-  
pewa Falls.

## Woman Struck by a Train

Fort Atkinson, Wis., Feb. 10.—Mrs.  
Sherwood Chase today met with an ac-  
cident which resulted in her death three  
hours later. While going over the rail-  
road at the Main street crossing, she was  
struck by a southbound freight train  
and thrown from the track. She re-  
ceived severe injuries about the head  
and was unconscious while life remained.  
Mrs. Chase did not hear the train as it  
was approaching. She was the wife of  
Ald. Chase of this city.

## Publisher Treats Subscribers

Hudson, Wis., Feb. 10.—The publisher  
of the Star-Times gave a free musical  
and literary entertainment to his sub-  
scribers last evening at Opera hall. The  
house was crowded and everybody re-  
garded it a success.

## Lamp Explodes and House Burns.

Waupaca, Wis., Feb. 10.—The resi-  
dence of A. L. Bailey burned last night.  
loss \$2,000, insurance \$1,200. The  
house caught fire from a kerosene lamp  
explosion.

## Upper Michigan Timber Sale

Marquette, Wis., Feb. 10.—The big  
sale of timber in the Upper Peninsula  
reported was for 50,000,000 feet, not  
15,000,000 feet.

## FILIPINO WAR NOT OVER BY ANY MEANS

Aguinaldo's War Chest Augmented  
From a Source That Would  
Amaze Uncle Sam.

London, Feb. 10.—[Special Cable-  
gram]—Senator Lopez of the Filipino  
junta here said today that the war in the  
Philippines was not over yet by any  
means. Aguinaldo's force, he says, is  
in stronger position than ever, while his  
war chest has been augmented from a  
source which would amaze the Washing-  
ton government.

## Aguinaldo Still Missing.

Washington, Feb. 10.—War depart-  
ment officials have formulated no  
theory as to the whereabouts of Agui-  
naldo owing to the absence of any  
definite information from Gen. Otis on  
the subject. It has been several weeks  
since Gen. Otis referred to Aguinaldo  
in a report to the secretary of war. It  
is considered not improbable though  
that he may have succeeded in escap-  
ing from the islands, in which case no  
special effort will be made to find him,  
as army officers believe his absence  
will greatly facilitate the ending of the  
revolution.

## Killed While Crossing the Track.

Venice, Ill., Feb. 10.—Miss Maggie  
Bassett, a school teacher, was killed  
by a Chicago and Alton train at the  
railway depot Friday morning in the  
presence of a score of people.

## Highest Quotation on Record.

New York, Feb. 10.—A bid of \$41,000  
was made for a seat on the New York  
stock exchange to-day. This is the  
highest quotation on record. The bid  
was not accepted.

## Arrested for Wife Murder.

Somerset, Ky., Feb. 10.—Milford E.  
Barclay, a wealthy farmer, was arrest-  
ed Friday on the revolving charge of  
murdering his young wife and burning  
her body.

## SMALLPOX IN MINNEAPOLIS

Dread Disease Said to Be Raging in the  
Minnesota Metropolis.

Minneapolis, Minn., Feb. 10.—An epi-  
demic of disease the state board of  
health calls smallpox is raging here, and  
already seventy cases have come to  
light, with more to hear from, as several  
patients, just before they were stricken,  
visited one of the big department stores  
and there brushed against thousands of  
persons. The city health department  
refuses to recognize the disease as small-  
pox, and has taken no active steps to  
check the spread of the disease.

Mayor Gray has now taken the matter  
into his own hands, and it was an-  
nounced this morning that a shotgun  
quarantine would be established over  
every house in which there is a case of  
the disease. The police will enforce the  
quarantine, using force if necessary, and  
it is claimed the city health commis-  
sioner will be removed from office.

## NEED OF BATTLESHIPS

Superiority Clearly Demonstrated Dur-  
ing Spanish War—Real Fighting  
Strength of American Navy.

Washington, Feb. 10.—The naval an-  
nual just issued from the office of naval  
intelligence, is of exceptional interest  
and breadth of scope. This report pre-  
sents in succinct shape many of the les-  
sons taught by the Spanish war and  
utilized by the navies of foreign nations.  
Beginning with the statement that the  
most striking feature is the marked  
effort now being made by the important  
marine powers to increase their naval  
strength, the article points out that one  
result of the Spanish war was to demon-  
strate beyond further argument that  
battleships constitute the real fighting  
strength of a navy, even in France,  
which has long clung to the armored  
cruiser.

Armored coast defense vessels have  
been practically ignored in new con-  
struction. While the war threw no new  
light on the value of torpedo boats at-  
tention was freshly directed to their vul-  
nerability and Germany has abandoned  
the building of any more small boats.  
Still some weight is attached to the  
moral effect of the torpedo boats and  
their use in training young officers.

Another war lesson was that the big  
guns on board ship are secondary here-  
after and dependence must be placed  
upon a primary battery of rapid-fire  
guns of modern caliber. Already the  
German navy has reduced the caliber of  
its heaviest guns to 9.45. Above water  
torpedo tubes have been abandoned and  
while some underwater tubes are re-  
tained the tendency is toward clearing  
a battleship completely of these devices.

Armor must be widely distributed  
and not restricted to the water line and  
gun positions. Foreign navies are se-  
curing the very best armor regardless of  
cost. There is a universal effort to  
abolish wood and combustibles from  
naval vessels.

## FRENCH EX-EMPRESS EUGENIE VERY ILL

She is Said to Be Dying and the Bona-  
parte Family Has Been  
Summoned.

Paris, Feb. 10.—[Special Cablegram]  
—The Ex-Empress Eugenie is very ill  
here and is said to be dying. The Bona-  
parte family has been summoned to her  
bedside.

## INTRODUCES A SILVER BILL.

Senator Jones Offers a Substitute for  
the Currency Measure.

Washington, D. C., Feb. 10.—Senator  
Jones of Arkansas introduced a free  
silver coinage substitute for the pend-  
ing currency bill in the senate Friday.

The bill provides that "from and  
after the passage of this act the mints  
of the United States shall be open to  
the coinage of silver and there shall be  
coined dollars of the weight of 412½  
grains Troy of standard silver, 9-10  
fine, as provided by the act of Jan. 18,  
1837, and upon the same terms and  
subject to the limitations and provi-  
sions of law regulating the coinage  
and legal tender quality of gold."

The substitute also provides that  
whenever the silver coins shall be re-  
ceived into the treasury certificates  
may be issued for them in the manner  
now prescribed by law.

In the house, after a brief session, in  
which nothing was done, an adjourn-  
ment was taken till 8 o'clock in the  
evening, when thirty-five private pen-  
sion bills were passed and an adjourn-  
ment taken till Monday.

## SIXTEEN DIE ON THE VOYAGE.

Hospital Ship Missouri Reported to  
Have Had Bad Weather.

San Francisco, Cal., Feb. 10.—The  
steamship Alameda, which arrived  
Friday morning from Australia, re-  
ports the arrival at Honolulu, Jan. 29,  
of the hospital ship Missouri, which  
left Manila Jan. 11 for this city with  
272 sick and wounded men. Sixteen of  
the sick men died on the voyage from  
the islands. Their cases were evenly  
divided between the wounded and  
those who had been diseased by the  
Philippine climate. The bodies were  
embalmed and stowed away in the hold  
to be brought to this city.

## Negro Murderer Hanged.

New York, Feb. 10.—Jas. M. Brown  
colored, was hanged in the Hudson  
county jail at Jersey City Friday.

## TROOPS ARE SENT HOME

Kaleidoscopic Change In the  
Troubled Situation In  
Kentucky.

## GOV. TAYLOR GIVES UP

Militia Gathered at London and  
Frankfort Has Been Or-  
dered Home.

## ASSEMBLY WILL BE CONVENED AT FRANKFORT MONDAY.

In His Proclamation Taylor Will State  
That There Exists No Longer a  
State of Rebellion In Kentucky—He  
Has Been Convinced of the Fact that  
the Civil Courts Must Settle the  
Trouble—Louisville Police Ready to  
Protect the Democratic Members of  
the Assembly.

Frankfort, Ky., Feb. 9.—[Special Tel-  
egram]—The end of the political strug-  
gle is now in sight. Governor Taylor  
has ordered Adjutant General Collier to  
send home the militia now stationed at  
London. Collier's assistants are also  
making arrangements to send the mil-  
itia away from Frankfort.

By tonight there will be few soldiers  
in the city if trains can be secured to  
take them home.

Governor Taylor will issue a procla-  
mation reconvening the assembly in the  
capitol building, this city, probably next  
Monday. He will say that there no  
longer exists a state of insurrection.  
Taylor is resigned to the fact that the  
courts must settle the trouble.

Early this morning the situation  
showed a material change. Adjutant  
General Collier was again called into  
Governor Taylor's office about 7 o'clock  
and was in consultation with him until  
about 10 o'clock, but would say nothing  
as to what had transpired. From other  
and authoritative sources, however, it  
was learned that a decision had finally  
been reached, and that the peace agree-  
ment probably would receive the signa-  
ture of Governor Taylor inside of twen-  
ty-four hours.

Notice of the injunction to be argued  
before Judge Taft in Cincinnati Mon-  
day, was today served on the democratic  
treasurer and Superintendent of Public  
Instruction McChesney. They are the  
only democratic state officials now in  
Frankfort.

## Taylor Will Not Sign It.

Frankfort, Ky., Feb. 10.—[Special  
Telegram]—Gov. Taylor held a long  
conference with the Republican leaders  
today and at its conclusion, shortly  
after one o'clock he announced that he  
would not sign the Louisville agree-  
ment.

## Instructions to Grand Jury.

Louisville, Ky., Feb. 10.—[Special  
Telegram]—Judge Baker called the  
grand jury today and instructed that  
body that neither branch of the assem-  
bly had the right to arrest members and  
force their attendance and that any such  
attempt would create a riot in Louisville.

## WARRANTS OUT FOR THEIR ARREST

Louisville Police Will Protect Demo-  
cratic Members of Legislature

Louisville, Ky., Feb. 10.—Democratic  
members of the legislature who are  
holding their sessions in this city re-  
ceived word this morning that warrants  
for their arrest had been issued by the  
republican contingent now in session at  
London. Governor Beckham is now  
prepared to take decisive action if any  
attempt is made to arrest members in  
Louisville. He made the following  
statement today:

"No member of the legislature who  
comes to Louisville need fear arrest. I  
shall not allow any member

FEBRUARY 20, 21 AND 22.

ENTRIES FREE ADMISSION FREE EXCURSION R. R. RATES

The Fifth Annual Mid-Winter Fair February 20, 21 and 22, promises new features and greater attractions than ever. The poultry exhibit, baby show and the musical program will add to the interest. The premiums offered in the various departments are bound to excite lively interest, while the competition offered for residents of cities and villages in the domestic department is an added feature.

The rink building has been secured and will accommodate the crowd and exhibits.

The cavalcade of horses, decorated wagons and ridiculous teams will be a feature each afternoon.

One and one-third fare on all railroads. RULES—Competition restricted to farmers and members of farmers' families, except where otherwise specifically stated. Citizens of Janesville barred from competition except in the poultry department.

Entries must be made on or before February 19, and all articles must be in place at the rink building before Tuesday noon and cannot be removed before Thursday noon. All grain and tobacco must be of the 1899 crop and grown by the person making the entry as a crop for general market, and shall not be artificially bleached, clipped, polished or otherwise manipulated.

All premium-winners may be required to make affidavit that the article awarded premium comes under the rules of the Fair Association. Entries free. Admission free.

Butter will be scored by experts and the score will not be published except in case of premium-winners.

Horses will be judged by professional judges.

Judging will be done in all classes by experts in each department. Judges will make brief informal addresses pointing out the reasons for the decisions.

Culinary exhibits should be accompanied by price ticket if sale is desired. Culinary exhibits should be placed on paper or wooden plates, which will be furnished on application.

Entries should be made by mail when possible to F. L. Clemens, secretary, room 411, Hayes building, Janesville, Wis.

Articles for sale may listed at the office of the secretary.

The Y. M. C. A. building will be open to visitors free of charge during the three days of the fair.

Attend the fourteenth annual closing institute at Delevan March 13, 14 and 15, 1900.

Wisconsin Weather Forecasts

Threatening tonight and Sunday possible rains.

THIS DAY IN HISTORY.

1570—William Congreve, poet, born. 1688—Isaac Vossius, celebrated German scholar, died. 1763—The French and Indian war ended by treaty at Paris. The French and Indian war, waged by Great Britain against the interest of her American colonies, was nearly simultaneous with the Seven Years' war in Europe. It originated over boundary disputes on the Ohio. In one of its campaigns, under Braddock, Washington gained his great hold upon the popular imagination, incidentally securing the taking of Louisbourg, the fall of Ticonderoga and the capture of Quebec. The latter victory decided the war on land in America. By the terms of the treaty Canada and its dependencies were ceded to Great Britain. 1775—Montesquieu, noted French philosopher, author of "Spirit of the Laws," died. 1822—Samuel Prout, noted painter, died. 1876—Reverdy Johnson, statesman, died in Annapolis; born 1826. 1899—The American forces attacked and captured Calocan, near Manila.

NEW CABINET POSITION

For some time past the manufacturers have been working for the creation of a "Department of Commerce and Industries," and the plan has been strongly advocated by many of the leading trade journals. The result of the agitation was a bill creating the department, the measure being referred to the senate committee on commerce. After considering the matter in all its phases, the committee decided to make a favorable report. The bill reported, according to the Washington dispatches, "gives to the new department general jurisdiction over the foreign and internal commerce, except internal revenue and customs, over transportation facilities by land and water, except in cases under the jurisdiction of the interstate commerce commission, over the geological survey, the mining industries, the fisheries, including the securing of foreign markets. It transfers to the new department the lighthouse service, the lighthouse board, the life saving service, the marine hospital service, the steamboat inspection service, the bureau of navigation, of immigration, and of statistics, and the coast survey service, and the Chinese exclusion service, now under the Treasury Department, together with the census office, the department of labor, the fisheries commission, the commissioner of railroads, and the bureau of foreign commerce.

"An amendment adopted by the committee also gives the new department jurisdiction over patents and trade marks, and transfers to it the patent office. The report of the committee stated that the creation of the new Executive Department will greatly relieve the Treasury and Interior Departments, which have more than their proportionate share of work. The bill establishes in the proposed department a new bureau of manufactures, which is to have charge of the manufacturing interests of the United States, to gather, compile, and publish information on the subject, together with data in respect to securing markets abroad for American products, and to assist in developing the manufacturing industries of the United States and the markets for the same.

"The bill creates the office of Secretary of Commerce and Industries, with a salary of \$8,000 per year, an assistant at \$4,000, and a chief of the bureau of manufactures at \$3,000. The total increase of yearly expenditures is estimated at not exceeding \$50,000."

NEW PLAN DISCUSSED.

There is a movement on foot to combine the offices of street commissioner and city civil engineer, paying a salary sufficient to hire a man of recognized ability—say \$1,500 or \$1,600 a year. The salaries paid the two officers this year, will amount to fully that sum, so the new order of things, would not increase expense. This arrangement with a competent man as assistant street commissioner and sidewalk inspector, would appear to be ideal. As it is now, the street commissioner has more work than he can attend to, and cannot do justice either to the city or himself in either the matter of street work or sidewalks. One man can hardly be expected to do the work that generally requires two. The question of street work is an important one and a competent engineer should be placed in charge. Defective sidewalks have cost Janesville a pretty penny in the days gone by and nothing but a rigid and thorough system of inspection will abate the evil.

George H. Ray, of La Crosse, who has been prominently mentioned in connection with the republican gubernatorial nomination, declares himself out of the race, and says he favors the nomination of Hon. Ira Bradford, of Augusta. Mr. Ray's withdrawal is likely to result in the election of a solid Bradford delegation from La Crosse county, and the

La Crosse Chronicle makes the prediction that Mr. Bradford will go into the convention with "the support of the Western part of the state."

The ice in the Missouri river, near Sioux Falls, according to the newspaper, exploded "blowing large blocks forty feet high in the air." No cause for the explosion has been assigned, but perhaps "the old Missourian" decided that it had to do something to keep the Chicago river from receiving all the advertising.

A press dispatch says a volunteer in a Colorado regiment "has been cured of stuttering by being shot through the throat by a Mauser bullet." This is unusual. Generally it works the other way—the man who is shot in the neck finds it impossible to talk without stuttering.

The Wisconsin Hardware Dealers Association made a wise choice in electing A. H. Sheldon as its president. Mr. Sheldon is one of the veteran hardware men of the state and is quoted as an authority on all that pertains to the business.

Unless all signs fail Milwaukee will get the National Democratic convention and unless all history is reversed, the delegates will get the gladdest hand that was ever extended.

The fruit jar manufacturers have formed an air tight trust for the purpose of preserving prices, and there is every indication that the scheme will work.

Now that Henry Watterson has declared in favor of Milwaukee the "star eyed goddess" of success is smiling upon the Cream City.

CHURCH NOTICES.

First Baptist church, Arthur C. Kempton, pastor—Public worship at 10:30 a. m. The pastor will preach a short sermon on "Seven Blessings for the True Christian," after which several will be baptized, the ordinances of the Lord's Supper observed, and new members welcomed into the church. Big Creamery Is Started. Sioux City, Iowa, Feb. 10.—The Hanford-Hazleton Creamery company has started its new plant and will soon be churning more butter than any other concern in the world. The company will have 250 stations in northwest Iowa, Nebraska and South Dakota, and will use the milk of 5,000 cows daily.

Dubois Would Succeed Shoup. Boise, Idaho, Feb. 10.—It is reliably reported here that former Senator Fred T. Dubois, a former republican, but who went into the silver republican ranks in 1896, is now trying to secure the endorsement of the state democratic convention for the senatorship to succeed Senator Shoup.

Chance in Date Is Ordered. Chicago, Feb. 10.—The meeting of the democratic state committee in Springfield to call the state convention has been changed from Feb. 27 to Feb. 28. This was done because a number of the state committee men could not find it convenient to attend the meeting if held on Feb. 27.

Rich Gold Strike in Idaho. Boise, Idaho, Feb. 10.—Excitement continues around Elk City over the rich gold strikes. Ira K. Lemon discovered a vein twenty-two inches wide. He pounded out over \$10,000 in a hand mortar in two days.

Does This Strike You? Muddy complexions, nauseating breath come from chronic constipation. Kurl's Clover Root Tea is an absolute cure and has been sold for fifty years on an absolute guarantee. Price 25 cts. and 50 cts. Sold by J. P. Baker.

For a Statue of Lawton. Peru, Ind., Feb. 10.—The first meeting to aid the project for a \$25,000 equestrian statue of Maj.-Gen. Lawton at Indianapolis was held Friday night under the direction of the Miami County association.

Do You Know Consumption is preventable? Science has proven that, and also that neglect is suicidal. The worst cold or cough can be cured with Shiloh's Cough and Consumption Cure. Sold on positive guarantee for over fifty years. Sold by J. P. Baker.

FOR SALE—Four standard bred Scotch collie pups, three months old. Three males nicely marked and one female nearly pure white. Inquire of A. Kennedy, Indian Ford, Wis.

Twentieth Century Air Valve

A valuable article for steam heated houses. It is guaranteed to exhaust the steam vapor from the boiler fast as it generates and allows its circulation freely in to the radiators. These air valves are so constructed (as you will notice by the cut) that the slightest degree of heat will automatically open the valve and expel the cold air. When the fire is low the valve closes and prevents back suction of cold air into the pipes. The valve can be seen in operation, costs but \$1.50, and will save its cost in one season.

McVICAR BROS. Sole Agents. 35 South Main Street.

The Raw Material

In Suitings this year is higher but my prices will be the same as heretofore.

The Fit Will Be Perfect.

The trimmings the best and workmanship unexcelled.

HERMAN ZANDER With Janesville Clothing Co. North window

Good Farm Homes Cheap

The Chicago & Northwestern Railway Company owns 550,000 acres of hard wood timber land in Northern Wisconsin, which lands are now being offered to actual settlers at low prices. The lands are well located, afford railway, postal, church and school advantages. These lands should not be confounded with the pine stumpage lands now offered in this market. Land that grows pine is invariably sandy.

The C. & N. W. Tracts grow hard wood and cannot be excelled by "openings" in the country.

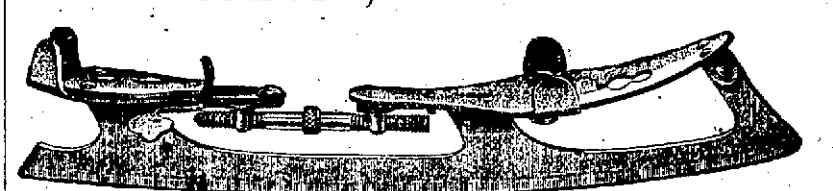

The logs, posts and poles find ready sale at nearby saw mills, and when the land is once cleared excellent agricultural soil is the result.

Excursions will be run to these lands on Tuesday of each week, round trip tickets being sold at \$6.71

They are for sale at my office. I should be glad to furnish printed matter and other information to all interested.

FRANK L. STEVENS, Agent C & N. W. Lands Office over Post Office, Janesville, Wis.

# HINTS FOR THE HOME-MAKER.

BY ELIZABETH LYON.

There is nothing new in the world, and yet we are very much interested in the new adaptation of an old idea. A note recently received from an acquaintance chided me with my neglect of her, and in closing she held out a veritable inducement.

"At least the sight of my new cozy corner will repay you for the effort," she wrote.

Needless to say I made the call, and such a cozy corner! Never have I seen one more attractively arranged or more suitable for a young girl's dressing room.

The divan was pushed well up into the corner, backing up against a bobbinet draped window. A drapery of

A GIRL'S COZY CORNER

soft India silk in large design was arranged back of and extended the full length of the couch. A picture molding was the heading and held all my lady's favorite photographs. And, by the way, they were all, with the exception of one, her girl friends, the one exception being her affianced.

This only goes to show that in these days of womanly independence the best girls are no longer heedlessly reckless in receiving favors from their male contingencies, nor is it any proof of a girl's unpopularity that her sanctum is no longer the junkshop that it used to be for Tom, Dick and Harry souvenirs. What a satisfaction this must be to the honest young man who wins one of these girls for his bride!

But to return to my couch. There were pillows on pillows, fully a dozen. My hostess pointed out the "sine qua non" when she said, "It is simply heavenly to lay there with the light just right for reading."

On the wall above the photographs were a pretty triple mirror, a couple of the medallion miniatures that are now so popular and Gibson's "Bachelor's Supper," done in black and white.

The really unique feature of the corner was an arrangement for holding dumbbells, Indian clubs, golf sticks and balls. A hook, rather hooks, with a double loop of her favorite ribbon (which happened to be Yale blue) fastened into the wall, served as holders for them. By ingeniously twisting the loops she hung those essentials of girlhood happiness out of the way and in a place more convenient than those immaculate corners could ever prove to be.

A piece of tennis net held the golf balls. A deep frieze of golf hole flags made a border that was quite startling in its originality. They were all weathered stained, and some were even torn. The pretty short curtains were made of bobbinet and hung straight down in neat folds. The very simplest kind of braid was laid on in double rows around the edges.

The winning card, to my idea, was the dainty little tea tray on the East Indies teakwood, at the bottom of which was a shelf holding some half dozen of my lady's favorite books. One copy which I noticed must have come from that exception of photographic fame. It was Barrie's "My Lady Nicotine." Perhaps it was a silent plea for mercy. At least I hope that the girl who could create such a corner will appreciate the subtle sarcasm of the author when he writes, "The very smell of tobacco is abominable, for one cannot get it out of the curtains, and there is little pleasure in existence unless the curtains are all right," and that she will show her appreciation of it by indulging her future liege lord on just such another couch in the very near future.

**How to Make a Monogram**

Fau.

A monogram, fun, though not quite new, is still regarded with favor by those who are fortunate enough to have correspondents whose note paper bears the pretty monograms and coats of arms that are so popular at the present time. One that is very beautiful is made on a plain black satin fan.

The monograms are cut out and carefully pasted on to avoid soiling the satin. There are probably a hundred of them. Many that were cut from hotel note paper are, very effective be-

cause they show such great variety both in coloring and design.

The figure end of a bill of large denomination is a marked addition. This may seem extravagant, but in reality it is not, for to remove a corner away from the plate series numbers does not affect the current value of the note. The whole must be arranged with due regard to color scheme.

**A Common Sense Skate Bag.**

This serviceable skate bag, made from linen ticking, is within the reach of every child that is the happy possessor of a pair of skates. Besides being a pretty covering for them when not in use, it will be found of real value in keeping the skates sharp. Everybody who is at all acquainted with the care of skates knows that many a nick along the edges has come from their knocking together while swinging from the long ankle strap suspended from the shoulder. Some who have thought to strap them closely, edge to edge, have not been much more successful in the care of such cherished friends.

To make such a skate bag requires a strip of ticking 34 inches long and 12 inches wide. The ordinary narrow striped blue and white kind is the best. The price ranges from 12 to 30 cents per yard. Feather stitch the white stripes with a fancy color or in cotton or silk. Turn over a two inch hem at both ends, making a casing for the drawing string by a second stitching. Fasten the ends firmly with buttonhole stitch to prevent fraying. Fold the goods in halves right side out. Sew the lengthwise edges and clip close to the seam. Turn the goods wrong side out, fold evenly and stitch the edges again, thus making a French seam, which is very strong. Turn the bag once more, put in the double drawing strings and stitch twice straight down from the hem through the middle of the length. Thus two compartments are made, one for each skate, and doing away with all unnecessary clashing. A tape loop fastened on the inside of the bag will be a convenient guard for the wrench.

The care of the skates is very important. It is well to keep a small piece of cloth in the bag to wipe off the ice and snow which cling to them. Occasionally removing all the parts and oiling them thoroughly with vaseline will prevent rust and do much toward retaining sharp edges.

**IN HONOR OF MISS ANTHONY**

How Woman Suffragists Will Celebrate Her Eightieth Birthday.

The National American Woman's Suffrage association will celebrate the eightieth birthday of their great leader, Susan B. Anthony, in a manner befitting her grand work for humanity. A committee appointed for this purpose is making preparations for a public meeting in honor of the event, which will take place from 3 to 5 p.m. Feb. 15 in Lafayette Opera House, Washington. This is the finest auditorium in the city.

In the evening of the same day there will be a card reception for Miss Anthony, at which she will receive with members of the birthday committee. The occasion will be one of interest in many ways.

Prominent women representing all phases of woman's work and experi-

ence will present to Miss Anthony their greetings and express their sense of recognition of what her labors have meant to their respective efforts. There is not a woman today, no matter what her position, who has touched any of the really vital issues of life who has not been helped to some degree by the efforts of Miss Anthony and her compatriots.

This celebration will follow the close of the National Woman's Suffrage convention, which will be in session in Washington from Feb. 8 to 15.

The wife of Representative Curtis of Kansas is an ardent politician. She often takes charge of her brother's office during his absence, attending to campaign work.

# COMMON SENSE TALK WITH WOMEN.

If a person is ill and needs a medicine is it not wise to get one that has stood the test of time and has hundreds of thousands of cures to its credit?

A great many women who are ill try everything they hear of in the way of medicine, and this experimenting with unknown drugs is a constant menace to their already impaired health.

This is very unwise, for there are remedies which are no experiments and have been known years and years to be doing only good.

Take for instance,

**Lydia E. Pinkham's Vegetable Compound.**

For thirty years its record has been one unbroken chain of success. No medicine for female ills the world has ever known has such a record for cures.

It seems so strange that some people will take medicines about which they really know nothing, some of which might be, and are, really harmful; when on the other hand it is easily proved that over one million women have been restored to health by Lydia E. Pinkham's Vegetable Compound.

We have published in the newspapers of the United States more genuine testimonial letters than have ever been published in the interest of any other medicine.

We have thousands like the following addressed to Mrs. Pinkham:

**Monthly Suffering Backache and Bearing-down Pains always Cured by Lydia E. Pinkham's Vegetable Compound.**

"I suffered untold agony every month, could get no relief until I tried your medicine; your letter of advice and a few bottles of Lydia E. Pinkham's Vegetable Compound have made me the happiest woman alive. I shall bless you as long as I live."—Miss Jole Saul, Dover, Mich.

"Four years ago I had almost given up hope of ever being well again. I was afflicted with those dreadful headache spells which would sometimes last three or four days. Also had backache, bearing-down pains, leucorrhoea, dizziness, and terrible pains at monthly periods confining me to my bed. After reading so many testimonials for your medicine, I concluded to try it. I began to pick up after taking the first bottle, and have continued to gain rapidly, and now feel like a different woman. I can recommend Lydia E. Pinkham's Vegetable Compound in highest terms to all sick women."—Miss Rosa Helden, 126 W. Cleveland Ave., Canton, O.

**Another Case of Kidney, Womb and Bladder Trouble Cured by Lydia E. Pinkham's Vegetable Compound.**

"DEAR FRIEND—Two years ago I had child-bed fever and womb trouble in its worst form. For eight months after birth of babe I was not able to sit up. Doctors treated me, but with no help. I had bearing-down pains, burning in stomach, kidney and bladder trouble, and my back was so stiff and sore. The right ovary was badly affected and everything I ate distressed me, and there was a bad discharge.

"I was confined to my bed when I wrote to you for advice and followed your directions faithfully, taking Lydia E. Pinkham's Vegetable Compound, Liver Pills, and using the Wash, and am now able to do the most of my housework. I believe I should have tried it if it had not been for your Compound. I hope this letter may be the result of benefiting some other suffering woman. I recommended your Compound to every one."—Mrs. Mary Vaughan, Trimble, Pulaski Co., Ky.

**A Letter Which Proves That Lydia E. Pinkham's Vegetable Compound Will Remove Tumor and Cure Other Weakness.**

"Two years ago I was a great sufferer from womb trouble and profuse flowing each month, and tumors would form in the womb. I had four tumors in two years. I went through treatment with doctors, but they did me no good, and I thought I would have to resort to morphine.

"The doctor said that all that could help me was to have an operation and have the womb removed, but I had heard of Mrs. Pinkham's medicine and decided to try it, and wrote for her advice, and after taking her Vegetable Compound the tumors were expelled and I began to get stronger right along, and am well as ever before. Can truly say that I would never have gotten well had it not been for Lydia E. Pinkham's Compound."—Mary A. Stahl, Watsontown, Pa.

## Just Plain Talk....

Is the most convincing argument that a person can use. You know it must be plain, or else you throw it aside. We know you are interested most when we tell you plain and forcible that we are giving the best actual value that money can produce.

**JUST NOTICE ABOUT THOSE**

\$2.50 Box Calf and Russia Calf Shoes. You perhaps have been paying \$3.50 for your Shoes. Just stop in today or tomorrow and compare them. They are, you'll admit, extra good value, welt sewed and heavy extension soles, **\$2.50 while they last.**

**SOMETHING ABOUT 'QUEEN QUALITY'**

Heard it enough? Well, read it again. They're right, that's sure. Every day some one is saying "Queen Quality" praise, and why not—they're worth it. Tan and black, or chocolate; every style; one price, \$3.00

That boy needs a new pair of Shoes. Let us fit him in a pair of our Boys' "Hard Hitters," 1, 1.25, 1.50 and \$2 (Every pair warranted)

## THIEVES ROB EX ALDERMAN STODDARD

### CRAWL BENEATH HIS HOME AND STEAL PIPE.

After the Ex-City Father Had Gone to Considerable Trouble He Makes the Discovery—Police Notified and Attempt to Locate Guilty Parties Is Now Being Made.

Ex-Alderman William B. Stoddard of the Second ward is in trouble. Thieves have relieved him of twenty feet of lead pipe. But it is not the cost of the pipe the ex city father is mourning over. It is the way in which it was taken. At 203 North Bluff street Mr. Stoddard owns an excellent tenement house. This dwelling is in perfect condition and nothing is the way of modern improvements is found lacking. A model cistern with a capacity of several hundred gallons is located beneath this dwelling. Of late the home in question has been without a tenant. This week Mr. Stoddard succeeded in renting it.

This morning the family moved in. Of course the first thing on the program was to test the cistern pump. After several unsuccessful attempts to obtain water from the cistern the tenant made haste to the home of the ex alderman who adjoins on the north. Then Mr. Stoddard put in an appearance. After a dozen unsuccessful attempts at priming with cold water Mr. Stoddard returned to his home. Then he put in an appearance with several pulls of hot water. No relief followed. Then several more pulls were brought on the scene. They soon found their way down the pump but still no cistern water put in an appearance. With lantern in hand Mr. Stoddard crawled under the house to investigate the scene of the trouble. After much difficulty he reached the top of the cistern. Then for the first time he realized all.

Thieves had been on the scene. They had twisted the lead pipe off close to the floor. Then they lifted it from the cistern. Fully twenty feet had been stolen in this way. Then for several minutes the air beneath the Stoddard tenement house was blue; not from the cold. The police were notified and an effort to locate the guilty is now being made.

## BOOKKEEPING AND OFFICE METHODS

### Fifteen Reasons Why the Myers System Should Be in Every Business Office.

Advantage of the Myers' system of bookkeeping and office methods.

1. They greatly facilitate business.
2. Can be used on any set of books without any change whatever in the order or method of keeping them.
3. It saves time, labor and anxiety to the bookkeeper and enables him to give the proprietor results of business quickly and correctly.

4. In one hour's time or less the bookkeeper can make out a financial statement of any business.
5. Our proofs of bookkeeping detect and locate all error without checking or reviewing the correct work.
6. A new way of taking stock and the correct way of closing the merchandise account.

7. To correctly determine the loss caused by depreciation and wear and tear on furniture, fixtures, machinery, tools, real estate.
8. I teach how to settle on an equitable basis with an insurance company in case of fire.

9. To estimate closely the profit on sales without taking an inventory.
10. To show the profit in each branch or department of business.

11. To know which traveling sales man is doing the most good.
12. To know within ten minutes' time any day in the month how much is outstanding and how much is owing by the concern whether on note or open account.

13. How to take a daily trial balance from any set of books, single or double entry.
14. How to dispense with the monthly trial balance as a test of correctness and save eleven trial balances out of twelve.

15. Show how to properly open and close a set of books for either an individual firm, or corporation. Also, how to change from single to double entry.

A system of credits for regulating the dealings with customers.

We plan special forms to suit the requirements of any business. We are consulting accountants, and advise business men and bookkeepers on all points of office management. Terms of instruction for classes \$10.00; individuals \$25.00; firms \$50.00 and upwards.

Letters can be addressed to W. A. Myers, care of The Gazette, or Room 422 Hayes Block.

## FUNERAL OF JOHN KENNEDY

Rev. Father Harlan of Edgerton Officiated From St. Patrick's Church

Funeral services over the remains of the late John Kennedy were held at 11 o'clock this morning from St. Patrick's church. Rev. Father Harlan of Edgerton officiated. The interment was in Mount Olivet cemetery. The pall bearers were: Michael Bradley, Daniel Conley, Bert Hefferan, John Ryan, John Barrett and James Cullon.

### Notice

I wish to announce that I have entered the employ of F. A. Taylor & Co. in the old risk building where I will continue my harness business and where I shall be glad to meet all my old customers, M. A. Ott.

FRESH green onions Saturday morning at Dedrick Bros.

## MENU FOR SUNDAY.

Virtue sometimes starves while vice is fed.  
—Alexander Pope.

**BREAKFAST.**  
Malted Grapes.  
Braised Deviled Kidneys.  
Fried Sweet Potatoes.  
Rice Cakes, Sirup, Coffee.

**DINNER.**  
Soup, Consommé d'Oreilles.  
Rabbit, Celeri, Pickles.  
Lobster, Newburg.  
Roast Tenderloin of Beef.  
Spinach with Croutons, Potato Croquettes.  
Lettuce Salad.  
Chocolate Cream, Frozen.  
Branded Fruits, Sweet, Coffee.

**LAMBS' KIDNEYS A LA DIABLE.**—Skin and prepare 12 kidneys, split them in two without separating the parts and run the skewers through them. Broil them slightly for a minute on each side. Mix together in a dish one teaspoonful of English mustard with two tablespoonfuls of Parisian sauce, one-third of a teaspoonful of cayenne pepper, one teaspoonful of salt, some of mignonette pepper. Roll the kidneys well in this, then in bread crumbs and finally by dredging them once more for three minutes on each side. Place them on a very hot plate on which has been previously poured one pint of hot Colbert sauce.

**COLORBET SAUCE.**—Put in a saucepan half a pint of thick Madeira sauce, add to it, very gradually, one ounce of good fresh butter, also one tablespoonful of meat glaze. Mix well together without boiling, then squeeze in the juice of half a lemon, and add one teaspoonful of chopped parsley when serving.

The ladies of the reading circle consider themselves very fortunate in securing this cultured and scholarly lecturer. Myers' opera house; admission 25 cents.

## LOUIS ANDERSON

### BADLY INJURED

### JUMPED FROM FREIGHT TRAIN NEAR HANOVER.

Resides in This City and Is Now At the Palmer Memorial Hospital—Suffering With Concussion of the Brain—Unmarried and Is Eighteen Years of Age.

Louis Anderson, residing at the corner of Washington street and Mineral Point avenue, was badly injured this morning as the result of jumping from a fast moving freight train on the Chicago, Milwaukee & St. Paul railroad.

The accident happened between this city and Hanover. Anderson was brought to Janesville on the 9:25 passenger train morning from Mineral Point. When the train arrived here the unfortunate man was unconscious. He was taken to the Palmer Memorial hospital in the fire patrol. Dr. Joe Whiting, Milwaukee road physician, was called. He found Anderson suffering with a badly bruised body.

He was cut in several places. No bones were broken. As the result of striking on his head he is suffering concussion of the brain. This may cause death.

Anderson is unmarried and is eighteen years of age and is a brother of Albert M. Anderson, roadmaster for the Milwaukee road, residing at 2 Myrtle street. At 8 o'clock this morning Louis Anderson left Janesville aboard the regular morning freight which this morning was in charge of Conductor Charles Corson of Mineral Point. When three miles this side of Hanover, Anderson, not wishing to stop the train, jumped from the caboose of the freight little thinking that on striking the ground he would lose his footing. The freight was going at a fast rate of speed. On the roof of the caboose with Anderson was a newsboy. The boy warned Anderson that the train was going too fast. Andrews little realizing the danger jumped from the train.

The swift force of the train threw him with terrific impetus on his head. He rolled over and over and fell unconscious by the side of the track. The newsboy then notified the train crew. When Hanover was reached the trainmen uncoupled their engine and with all possible speed hastened with engine back to where Anderson lay. There the train crew found him covered with blood and unconscious. His limp form was placed on the engine and taken back to Hanover. Here it was placed on the Mineral Point Janesville passenger train and brought to this city. At a late hour this afternoon Andrews was still unconscious. His case is a serious one.

## WILLIAM P. LYON'S OFFICIAL REPORT

Member of State Board of Control Praises the New Rock County Jail.

County Clerk Frank P. Starr has received the following official report made by William P. Lyon of Madison to the state board of control on his recent inspection of the new Rock county jail:

"I respectfully report that on the 5th inst. I inspected the Rock county jail recently erected at Janesville. A commodious residence for the sheriff is a part of the same structure. The building is located near the old jail on land obtained for that purpose several years ago by the county. The site is higher than the old one. The structure is built mainly of brick, stone and iron and is practically fire proof. Exterioirly it is very pleasing to the eye, for it appears more like a palatial private residence than a prison. It is substantially built and only the best materials have been used. The jail contains twenty-four cells in its different departments. It has one department for adult criminals, another for women, another for juvenile prisoners and a suitable room which may be used for an infirmary or for the detention of inmates not criminals.

"There can be no unauthorized communication between inmates of different departments. The cells are built of chilled steel. They are large and well lighted and ventilated. The floor of the prison rests on plates of the same metal securely riveted together.

"The main cell room rests upon a solid bed of stone, upon which the steel floor plates under the room is laid. Escape from the prison seems almost impossible. Improved devices are also employed for opening and closing all or any of the cells by appliances located out of the cell rooms.

"It is not intended to give a minute description of the institution; it is sufficient to say that it is well planned and built; that it is well heated, lighted and ventilated; that its sewerage is satisfactory; that it is unusually safe from any perils of fire or escape of prisoners; and that it meets the requirements of the statutes concerning the construction of county jails.

"I am informed that the entire structure has cost the county less than \$25,000, a result which probably could not again be accomplished under present conditions.

"The citizens of Rock county are to be congratulated that under the general direction of the county board of supervisors, the enterprise has been in the immediate charge of an earnest and faithful building committee, whose wise supervision has made the result so satisfactory."

"To be healthy, wealthy and wise you need a 'want' ad.

## NEWS OF A PERSONAL NATURE

PECK COLLINS is in town.

BERNARD PALMER is home from Madison.

MILN THAYER is home from a trip on the road.

E. A. DURRER was here today from Oshkosh.

MISS ANNA MCCOY will spend Sunday in Madison.

T. B. BAILEY of Beloit, had business here today.

L. D. CLARK of Stoughton, was in town today.

MICHAEL BRADLEY is home from a trip on the road in the interest of the Chicago Inter-Ocean.

OGDEN H. FERNES and wife left today for New York City from which city they will set sail for Europe.

A. F. FOLLES and family will leave next week for West Pullman, Ill., where they will reside in the future.

M. J. WALSH who has filled the position of assistant superintendent of the Prudential Insurance company, has gone to Rockford to reside.

MRS. G. F. BARRAGE and son Chester, leave on the vestibule this morning, for St. Louis, where they will spend a month visiting relatives and friends.

ROAD SURVEY IS CHANGED

The Line That Is Building to Janesville Makes Slow Progress.

According to the Libertyville Independent, the extension of the Libertyville branch of the St. Paul railroad, after leaving Fox Lake, is to be to Lake Geneva, Williams Bay, Delavan Lake and Delavan, according to the last survey. Lake Geneva city and Delavan people are greatly in favor of the last proposition, and are offering inducements to the company, providing the line is erected through these places. Everything considered, this would be the most feasible route, as they will have a chance to compete with the Northwestern for Lake Geneva passenger service and at the same time have a more direct line to Delavan Lake. The creation of such a line would penetrate the lake regions of Lake county and also two of the most popular resorts in Southern Wisconsin.

ENGLAND AND THE TRANSVAAL

Louis Freeland Post to Lecture Here February 22nd.

At the Y. M. C. A. auditorium Thursday evening, February 22nd Louis Freeland Post will give his lecture "England and the Transvaal."

Mr. Post is editor of "The Public" of Chicago and is an orator of rare ability. He handles this interesting and timely subject in an impartial manner. The lecture explains the situation in the Transvaal, going back to the time the Dutch first landed in South Africa. The subject will be highly educational and will give the public a thorough understanding of the conditions that have been the cause of war between England and the Boers.

Mr. Post has a national reputation and Janesville people will be glad of an opportunity to hear so able a speaker. Admission will be 25c.

HAS SOLD MANY TICKETS

Benefit to John Kienow Will Net Him a Goodly Sum

Many tickets have been sold for the benefit dance to be held this evening at Concordia hall for John Kienow. There promises to be a good attendance. Prof. Johnny Smith and his musicians have tendered their services as Mr. Kienow was a former member of the orchestra and is now on the sick list. For several seasons he played bass viol in the Myers Grand orchestra.

BRIEF BITS OF LOCAL GOSSIP

ALL men are invited to attend a joint meeting of the Y. M. C. A. and the Frances Murphy League tomorrow afternoon.

Mr. and Mrs. F. P. Starr entertained the None Such club at their home, 353 Court street last evening. Refreshments were served and prizes awarded as follows: First prize, Mrs. Johnson Earle; second prize, James Earle.

Against Double Taxation.

Des Moines, Iowa, Feb. 10.—The house has passed the bill repealing the 1 per cent tax on the gross premium receipts of outside insurance companies doing business in Iowa. The bill is the most important insurance measure before the legislature, and will doubtless pass the senate. The Supreme court recently held that the companies could be taxed locally, and the double taxation made it impossible for the companies to remain in Iowa at a profit.

Judge Denounces the Militia.

Covington, Ky., Feb. 10.—Judge Tavin, in a sensational charge to the Covington grand jury, told the jurors to indict every one in Covington carrying a concealed weapon. He again called attention to the presence of the militia at the recent election, and said statements in Frankfort showed that the militia was being used to further the aims of a political party. He said the presence of militia in Covington kept people away from the polls.

Old Newspaper Man Dies.

Anaconda, Mont., Feb. 10.—Beriah Brown, probably the oldest newspaper man in the west, died Friday, aged 84 years. Mr. Brown was born in New York state in 1816. He was an intimate friend of Horace Greley. For half a century he had been engaged in newspaper work in Wisconsin on the Pacific coast, and he was the founder of the Democratic Press of San Francisco, which afterward became the Examiner.

## EDWARD DEVERS

### AGAIN ARRESTED

### RAISED HAVOC AT THE RIVERSIDE HOTEL.

Hired a Room Last Night and Then Amused Himself By Smashing All the Furniture and Crockery—His Room Mate's Life Was In Danger—Devers Was Crazy Drunk.

While crazy drunk last evening Edward Devers of Beloit raised havoc at the Riverside hotel, corner of River and Pleasant streets.

After smashing all the furniture in the room he amused himself by throwing the water pitcher and basin against the door breaking the crockery into a hundred pieces. This was at midnight. The noise caused by the drunken man's yell and the falling crockery made the night hideous in the hotel and vicinity.

The night clerk being unable to quiet the frenzied man a message was sent to Chief of Police Hogan and at one o'clock Devers was taken to the city lock-up and placed in a cell. After being put behind the bars Devers continued to rave.

The arrested man resides in Beloit. He is well known to the police and has a bad reputation. He was recently placed in jail on the charge of being implicated in the highway robbery of Miss Snyder recently at Beloit.

Last evening Devers hired the room at the Riverside hotel in company with Frank Farmer also of Beloit. Farmer was not arrested by Chief Hogan as he was not intoxicated.

SMITH PLEADED NOT GUILTY

Stoutly Denied the Charge That He Is a Vagrant

Frank Smith of this city, familiarly known as "Tinker" Smith, was arrested last evening Chief Hogan on the charge of being a vagrant. It is also alleged that while intoxicated Mr. Smith called on his best girl last evening. When brought into court this morning Mr. Smith pleaded not guilty to the charge of being a vagrant. He will be tried Monday morning. Smith is in jail.

GENERAL MANAGER

COLLINS TALKS

New Milwaukee Road Line Into Janesville Will Touch South of Darien and Emerald Grove.

W. G. Collins, general manager of the Milwaukee road, has announced that it has been decided to build their new road into Janesville on the line south of Darien and Emerald Grove. The officials of the company are satisfied that this is the best grade and shortest route. The road will go through the village of Walworth and pass through Frank Randall's farm about a mile south of Darien, through the farms of Charles Liddie, L. Turner and J. Seavor, crossing the present railroad this side of the big bridge between Darien and Allen Grove. —Delavan Republican.

A poor article is an unworthy representative of any man's business. . . .

Smith's Wild Cherry Cough Balm cures coughs, colds and lung troubles. We know it is good. You will say so when you try it. Lots of people are using it now.

Because it is a RELIABLE remedy, and, therefore, a most worthy representative of our business.

Price, 25 and 50c bottle.

Smith's Pharmacy.

Kodak Agents. Two Registered Pharmacists.

IAN MACLAREN

the famous English author writing in the North American Review, on "The Energy of the People," says:

"No man writes from his own hand, if he can dictate to a stenographer; no man dictates, if he can telegraph; no man telegraphs, if he can telephone."

If you are a typical, energetic, up-to-date American

**DEAD ROBBER IS KNOWN.**

Police Identify Body of Man Killed at Weener's Saloon.

Chicago, Feb. 10.—The inquest held Friday afternoon over the body of the robber who was killed late Wednesday night in C. A. Weener's pavilion, 1559 West Madison street, resulted in a verdict exonerating from all blame Edward Sommerfeldt and Frank H. Bamm who were engaged in the fray. Investigation by the police clearly revealed the identity of the dead man. His name was Frank Spencer, and behind Thursday's holdup lies a long record of crime, expiated with much penitentiary service.

**Man Is Blown to Atoms.**  
Canal Dover, Ohio, Feb. 10.—An explosion of nitroglycerin at Selo, several miles east of here, blew an unidentified man to atoms. Hermann Bros., extensive oil operators, had recently been missing quantities of nitroglycerin from their store near that town and efforts to catch the thief were unsuccessful. The explosion occurred in an unoccupied building, where the stolen explosive had been hidden.

**Boy Kills His Sister.**  
Chillicothe, Ohio, Feb. 10.—August, the 7-year-old son of Peter Hurley, shot and fatally wounded his sister Friday. He found his father's shotgun under the bed, got it out and aimed it at his 11-year-old sister Dora. The gun was discharged, tearing away her right thigh, making a fearful wound, from which she died later in the day.

**Smallpox at Minneapolis.**  
St. Cloud, Minn., Feb. 10.—The Daily Journal prints the startling announcement that the city of Minneapolis is suffering from a terrible visitation of smallpox. It is declared that seventy-five cases exist and that the pesthouse is overflowing. It is reported that the news has been suppressed by the Minneapolis papers.

**Body Washed Ashore.**  
San Francisco, Feb. 10.—The body of Burton H. Hardiman, cousin of Mrs. J. K. Miller of Oakland, better known in the literary world as Florence Hardiman Miller, has been washed ashore on Angel Island in the bay of San Francisco. Whether death was caused by suicide or accident is unknown.

**Aurora Man Arrested at Boston.**  
Boston, Mass., Feb. 10.—The police have arrested Orison M. Smith, alias William Green, who is a fugitive from justice from Aurora, Ill., where he was wanted for alleged arson on two counts, said to have been committed during the summer of 1896.

**Old Feud Results in Murder.**  
Eldorado, Ill., Feb. 10.—Robert Strickling shot and instantly killed John Graves, ten miles south of this city, Friday. An old feud of long standing was the cause.

**Ohio Canal Boatmen Organize.**  
Akron, Ohio, Feb. 10.—Canal boatmen of Ohio have organized the National Transfer association, to secure and maintain increased freight rates.

The pursuit of pleasure is often as dangerous to life as the pursuit of "the bubble reputation even at the cannon's mouth." Late, hours, the breathing of a vitiated atmosphere, rich foods, and irregular rest, must result in a depleted vitality. There is a feeling of languor, the appetite fails, sleep does not refresh, life loses its interest, and nervousness or hysteria may make life miserable.

The preservation of the healthful tone of the body depends chiefly on keeping the blood pure, and the stomach and other organs of digestion and nutrition in a condition of health. When any of the above mentioned symptoms appear the timely use of Dr. Pierce's Golden Medical Discovery will restore the body to a healthy equilibrium. It purifies the blood, nourishes the nerves, and restores the deranged stomach and its allied organs to a condition of sound health.

There is no alcohol, whisky or other stimulant contained in "Golden Medical Discovery."

"I was troubled with very frequent headaches often accompanied by severe vomiting," writes Miss Mary Bell Summerton, of San Diego, Duval Co., Texas. "Bowels were irregular and my stomach and liver seemed continually out of order. Often I could eat almost nothing for twenty-four hours at a time. I was entirely unfit for work, and my whole system run down. I was advised to try Dr. Pierce's Golden Medical Discovery and did so with such satisfactory results that before finishing the third bottle I felt perfectly able to undertake the duties attending public school life. I most heartily advise those suffering with indigestion, and its attendant evils, to give this great medicine a fair trial."

Dr. Pierce's Pleasant Pellets cleanse and regulate the stomach, liver and bowels. They produce permanent benefit and do not re-act on the system. One is a gentle laxative.

## A Detailed Map of Rock County . . .

Work is now in progress on a new wall map for Rock County. In size it will be 42x47 inches, mounted on cloth, and each township (of which there are twenty) will be neatly colored. The county will be represented on the scale of 1 1/4 inches to the mile and will show the location of streams, lakes, cities, villages, school houses, churches, town houses and residences, public roads and railroads. It will also locate the farms, giving the number of acres and the name of the present owners wherever it is possible to do so. As fast as the drawings of the townships are completed they are verified so that the map will be as nearly correct as possible. The work will be of great value to business and professional men and farmers, and should find place in every school house in the county. The last wall map of the county was made a great many years ago, so that this new one will fill a long felt want.

## The Price is \$6.00.

Only enough of the Maps will be printed to fill orders. This fact should be borne in mind by those interested. Agents will begin the work of canvassing at once; orders may be given them and may also be sent to us in care of The Gazette office. If you will send in your name a representative will call and give more information if necessary.

Wis. . . . . 1900  
The undersigned hereby orders W. W. HIXSON & CO. to publish and deliver to me or my . . . . . Map of Rock County, Wisconsin, for which I agree to pay W. W. HIXSON & CO., or agent, the sum of Six Dollars on delivery of said Map.

The Maps to be mounted on Cloth, neatly colored by townships. The county will be represented on the scale of 1 1/4 inches to the mile and show the location of Streams, Villages, School houses, Churches, Townhouses and Residences, Public Roads and Railroads also locating the Farms, giving the number of Acres and the name of the present owners, wherever it is possible to do so.

**You Can Save Time** by filling out and signing in ink your full name to the accompanying order and forwarding it to us, care of The Gazette.

## One Woman to Another

From one who has suffered to all who are suffering. The words of Mrs. Nellie Cameron, of Lockport, N.Y., convey a broad meaning to every thoughtful woman. Mrs. Cameron says: "In the fall of 1881 I was in a deplorable condition. I had stomach trouble in the very worst form. Nothing at all would stay on my stomach, and I had to almost starve myself. My side pained me constantly. The lack of nourishment caused me to lose flesh rapidly. I dropped from 125 to 90 pounds, growing weaker all the time. There was not the slightest color in my face. I was simply a shadow of my former self. Able physicians treated me, but failed absolutely. I was a complete wreck when a friend told me to try Dr. Williams' Pink Pills for Pale People. One box greatly improved my condition; it was astonishing how quickly they built me up. I believe

## Dr. Williams' Pink Pills for Pale People

saved my life.

I was enabled to sleep, and in the morning I felt refreshed and rested. My stomach was strengthened, what I ate benefited me, my weight increased, and I soon regained all I had lost. I am now well and strong. I cannot speak too highly of Dr. Williams' Pink Pills for Pale People."

NELLIE CAMERON.

Subscribed and sworn to before me, this 10th day of July, 1899.

STACY D. WHITE, Notary Public.

All womankind should know and understand the virtues of Dr. Williams' Pink Pills for Pale People.

Sold by all druggists. Prepared only by THE DR. WILLIAMS MEDICINE CO., Schenectady, N. Y.

## WINE OF CARDUI

### THE LINK THAT BINDS.

JACKSON, TENN., NOV. 23.

I was subject to miscarriage for three years, and suffered constantly with backache. I wrote to you for advice, and after using three bottles of Wine of Cardui, according to your directions, I am strong and well, and the mother of a fine girl baby.

Mrs. E. N. JOWLES.

There is no use talking—a baby in the house is the link that binds husband and wife together. Nothing is sadder than fruitless wedlock. The prattling and cooing of the little ones offset a thousand times the occasional worries and trials of life. When a wife is barren, there is a derangement somewhere in the genital organs, caused by one or more of those common disorders known as "female troubles". Wine of Cardui is the remedy. It puts the organs of generation in a strong and healthy condition, fitting the wife for the sacred duty of reproducing her kind. During the period of gestation the entire system of the expectant mother is built up to withstand the ordeal of labor, and when the little one makes its advent it is lusty and strong, well-fitted to grow to maturity in perfect health. The mother, too, passes through the trial with little pain and no dread. Wine of Cardui is truly a wonderful medicine for women.

Large Bottles for \$1.00 at Druggists.

## WINE OF CARDUI

# GOLD DUST

## The Best Washing Powder.

Woman's Best Friend. Dirt's Worst Enemy.

# R & G

## CORSETS

When an R & G Corset is made, it is stretched over a steam-heated, iron form with a pressure of 600 pounds, that takes out every atom of "give" in the goods. The iron form is modeled after a perfect human figure and each style of R & G Corsets has its special form.

R & G Corsets are the only corsets that are made in this way—the only corsets that will not stretch—the only ones that do not have to be broken in.

Every R & G Corset is guaranteed to fit and wear satisfactorily. The picture shows the style of our popular Number 397 which sells at \$1. It has absolutely all the perfection of shape, fit and wear that any corset can have, no matter what the price. No corset of any other make is as good at any price.

Your dealer can supply you with R & G Corsets, if he will. If he will not, write to R & G CORSET CO., 375 BROADWAY, N. Y.

## OUR Winter Clearing Sale

# PROFESSIONAL AND BUSINESS FIRMS OF JANESVILLE.

## OSTEOPATHY IS A SCIENCE Which recognizes causes here- and treating disease. tofore overlooked in diagnosing

The osteopathist deals with the human body as the skillful engineer does with his machine. That man is a machine is one of the fundamental theories upon which the science of osteopathy is built. Every part of the mechanism must be in its place, performing its proper work, in order to have health; if any portion be out of place, if there is a pressure upon a nerve, or a blood vessel wholly or partially obstructed, disease will make its appearance in the part supplied or drained by the nerves or blood vessels involved. The Osteopathist administers no drugs, but by his knowledge of the anatomy of the human machine and the function of its various parts, goes to the seat of the trouble and by manipulation peculiar to his system, removes the cause. This is why we so often obtain result in cases that have been pronounced incurable. You will see at once that Osteopathy is not a faith cure. Faith plays no part in Osteopathy; if it did, the record of its achievements would be perceptibly diminished. A large percentage of Osteopathic patients begin the treatment with absolutely no faith in it, but having exhausted everything else, come to it as a last resort. With this class of chronic invalids Osteopathy has made its record, in the majority of cases, when the nervous system is so degenerated that there is very little left to work upon. Perfect circulation means as a rule perfect health. There is no method of treatment extant which restores circulation as does that of Osteopathy. It removes obstructions and sends the life-giving fluid coursing through the arteries and veins, bringing health and vigor to every part of the body. This is done by removing the obstruction, whatever it may be, and stimulating the nerve centers which control the calibre of the blood vessels. There is no system of treating disease which is being investigated more at the present time than this science; one of the notable and satisfactory features being that it attracts to it almost entirely the intelligent and educated classes. Osteopathy as a science of treating disease appeals to common sense, and will bear the closest investigation, which we invite.
